

CS4116 Group 4: Progress Report - Week 11

Kevin:

Week 11 Report:

- Search finished
- Report Button Added
- Verify User added
- Change password added
- Welcome Pge added
- Fixes on Search page results & frontend

Week 12 Plan:

- Add home pge events
- Assist Olan in events
- Finish any feature work for backend

Adam:

Week 11 Report:

- Finished all Admin pages frontend

Week 12 Plan:

- Start and hopefully finish Matches page frontend
- Fix up small inconsistencies on Home page frontend

Caoimhe:

Week 11 Report:

- Finished Explore page frontend
- Started and finished Search page frontend

Week 12 Plan:

- Either try create enum for hobbies again or possibly start messages page frontend (TBD with team)

Olan:

Week 11 Report:

- Messages functional between matches. Currently from processes have getMessages, sendMessages done. Need todo read status and unsend a message
- Fixed profile picture not displaying in explore
- Setup ssl cert for https support for website

Week 12

- Finish off messages page and have some structure on it so its easier for frontend to design
- All backend pages finished then that set out to finish so will be picking up additional features
